Chairman's letter

18 September 2023

Dear Pelorus Shareholder

On behalf of the Directors of BlackWall, I am pleased to present you with this Bidder's Statement which details BlackWall's Offer to acquire all of your Pelorus Shares.

Offer price

If you elect to participate in the Offer and the Offer becomes unconditional, you will receive 1 BlackWall Share for every 3 Pelorus Shares you own (**Offer Price**).

Offer structure

The proposed share-for-share structure in the Offer allows Pelorus Shareholders to meaningfully share in the significant upside potential of the Combined Group.

Where all outstanding Pelorus Shares are acquired as part of the Offer, Pelorus Shareholders would collectively hold approximately 60% of the Combined Group, which would have an asset base of \$100 million and greater income potential.

Implied value under the offer

The implied value of the Offer is approximately \$0.60 per BlackWall share based on adjusted net asset value and therefore \$0.20 per Pelorus share..

For the reasons set out in this Bidder's Statement (and summarised opposite), I strongly encourage all Pelorus Shareholders to ACCEPT the Offer.

Reasons to accept the offer

1. You will be able to trade your BlackWall Shares on ASX or hold your BlackWall Shares to benefit from any future increase in their market value.
2. De-risks your investment in Pelorus within a stronger, larger and more diversified Combined Group, with accelerated commercialisation and monetisation opportunities from a combined development pipeline and

potential to realise significant cost synergies.

3. Potential access to scrip for scrip rollover relief, which defers any capital gains otherwise evident on the sale of Pelorus Shares.

There are a number of other reasons why you should choose to participate in the Offer.

Recommended by the Independent Pelorus Director

The Offer has been recommended by the Independent Pelorus Director, with the Independent Pelorus Director recommending that Pelorus Shareholders ACCEPT the Offer in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Offer is Favourable to Pelorus Shareholders.

The offer is subject to only a limited number of conditions

The Offer is subject only to a limited number of conditions set out in Appendix 2, including that:

1. BlackWall acquires a Relevant Interest in at least 80% of Pelorus Shares by the end of the Offer Period.
2. Blackwall Shareholders approve the Takeover Bid and associated issue of the Offer Consideration for the purposes of ASX Listing Rules 7.1, 10.1 and 10.11.
3. WOT Members approve the acquisition of Relevant Interests in WOT Securities arising in connection with the Takeover Bid pursuant to item 7 of section 611 of the Corporations Act.

About BlackWall

BlackWall is a publicly listed company that derives its revenue from the management, performance and transaction fees from real estate investment structures – the largest of which is the ASX listed flexible property security, WOTSO Property (ASX: WOT).

Conclusion

Details of the Offer, including its terms and Conditions, are set out in this Bidder's Statement. I encourage you to read this Bidder's Statement carefully and in full, and to accept the Offer as soon as possible.

The Offer is open for your acceptance until 7:00 pm (Sydney time) on 19 October 2023, unless otherwise extended.

To accept the Offer, you should follow the instructions in this Bidder's Statement and in the enclosed Acceptance Form.

If you have any questions about the Offer, please contact the Company (Emily Franca) on +612 9033 8611 between 9:00am and 5:00pm Monday to Friday (Sydney time) during the Offer Period.

Thank you for your consideration of our Offer. We look forward to receiving your acceptance.

Yours faithfully

Seph Glew
Executive Chairman
BlackWall Limited

Overview of the Offer

1. If you accept the Offer, you will receive 1 New BlackWall Share for every 3 Pelorus Shares which you hold

Based on the trading price of BlackWall Shares on ASX on the day before the Announcement Date, the Offer represents attractive consideration for Pelorus Shareholders. Because you are being offered New BlackWall Shares for your Pelorus Shares, the “value” of the Offer depends on the value or price of BlackWall Shares from time to time. Each participating Pelorus Shareholder will receive New BlackWall Shares issued at \$0.60 per New BlackWall Share (based on the adjusted net asset value of BlackWall).¹

The value of the Offer may change as a consequence of changes in the market price of BlackWall Shares since the Announcement Date and after the date of this Bidder’s Statement.

2. The Offer Consideration provides liquidity

Pelorus Shares are not listed on a securities exchange and there is no active market or mechanism for achieving liquidity for Pelorus Shares. The Offer provides Pelorus Shareholders with the ability to trade the BlackWall Shares on ASX.

3. CGT rollover relief

Pelorus Shareholders that accept the Offer and receive the Offer Consideration and make a capital gain from the disposal of their Pelorus Shares may be able to choose to obtain CGT rollover relief under Subdivision 124-M of the *Income Tax Assessment Act 1997* (Cth) in respect of the Offer Consideration.

While the Takeover Bid is subject to an 80% minimum acceptance condition, BlackWall may waive this Condition. If BlackWall does not obtain 80% or more of the Pelorus Shares under the Offer and waives this Condition, Pelorus Shareholders who accept the Offer and receive BlackWall Shares may have a CGT liability but will not be able to claim CGT scrip for scrip rollover relief in respect of the BlackWall Shares received in exchange for the Pelorus Shares.

4. If the Offer is not successful, and no alternative proposal emerges, you may not be able to sell your Pelorus Shares

If the Offer is not successful, and in the absence of a competing offer, there is a real risk that the value of your Pelorus Shares may decrease, therefore reducing the value of your investment and your exit opportunities.

Important notice

The information in this section is a summary only of BlackWall's Offer and is qualified by the detailed information set out elsewhere in this Bidder's Statement.

You should read the entire Bidder's Statement and the Target's Statement that Pelorus will shortly be sending to you, before deciding whether to accept the Offer.

1. Why you should accept the Offer

The BlackWall Board believes that there are a number of reasons why you as a Pelorus Shareholder should accept the Offer, namely:

1. The Independent Pelorus Director recommends you ACCEPT the Offer in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Offer is Favourable to Pelorus Shareholders.
2. The Offer provides attractive consideration for your Pelorus Shares.
3. You will become a shareholder in a larger company and potentially benefit from greater economies of scale.
4. You will be able to trade your BlackWall Shares on ASX or hold your BlackWall Shares to benefit from any future increase in their market value.
5. You will have the opportunity to share in the potential upside of BlackWall's business.
6. BlackWall has an experienced management team.

The above table is only a headline summary of some of the benefits to Pelorus Shareholders that the BlackWall Board considers the Offer provides. Some of these benefits are explained in further detail within this section 1. In considering these benefits, Pelorus Shareholders should also bear in mind that the Offer is subject to a number of risks, which are set out in section 8.

1.1 The Independent Pelorus Director recommends you ACCEPT the Offer in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Offer is Favourable to Pelorus Shareholders

The Independent Pelorus Director recommends you ACCEPT the Offer in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Offer is Favourable to Pelorus Shareholders.

1.2 The Offer provides attractive consideration for your Pelorus Shares

Based on the trading price of BlackWall Shares on ASX on the day before the Announcement Date, the Offer represents attractive consideration for Pelorus Shareholders who will each receive New BlackWall Shares.

BlackWall is offering you 1 New BlackWall Share for every 3 Pelorus Shares that you own, at an issue price of \$0.60 per New BlackWall Share.

1.3 You will become a shareholder in a larger company and potentially benefit from greater economies of scale.

Pelorus Shareholders who accept the Offer will be issued with New BlackWall Shares and become part of a larger and more diversified ASX-listed company that will focus on growing its investment and funds management activities.

BlackWall is in a strong financial position, with:

- (a) underlying funds from activities of over \$3 million for the last 3 years and net asset backing of around \$20 million; and

(b) a market capitalisation of approximately \$38.126 million.^{2 3}

1.4 You will be able to trade your BlackWall Shares on ASX or hold your BlackWall Shares to benefit from any future increase in their market value.

Pelorus Shareholders who accept the Offer will benefit from ASX trading liquidity. This liquidity will enable Pelorus Shareholders to realise the value of their investment at a time of their choosing, which may not be possible for any Pelorus Shareholder who continues to hold Pelorus Shares as Pelorus Shares are not listed on a securities exchange and there is no active market or mechanism for achieving liquidity for Pelorus Shares.

Pelorus Shareholders may also hold their BlackWall Shares to potentially benefit from any future increase in their market value and future rights to receive dividends attaching BlackWall Shares.

1.5 You will have the opportunity to share in the potential upside of BlackWall's business.

By accepting BlackWall's Offer, Pelorus Shareholders will gain exposure to the potential upside from BlackWall's growth prospects, which may arise from synergies and combining resources and expertise will BlackWall and Pelorus to achieve cost savings and operational efficiencies.

Over time, the BlackWall Board believes this will have the potential to deliver further growth and upside for Pelorus Shareholders through their ownership of BlackWall Shares.

1.6 BlackWall has an experienced management team

The BlackWall Board believes that BlackWall is well-placed to support the Combined Group given the depth of its management team and their operational experience.

Please refer to sections 2.2 and 2.3 of this Bidder's Statement for more detail on the BlackWall Board and management team.

1.7 Potential access to scrip for scrip rollover relief, which defers any capital gains otherwise evident on the sale of Pelorus Shares

Given the Takeover Bid is subject to an 80% minimum acceptance condition, Pelorus Shareholders may benefit from CGT scrip for scrip rollover relief if they accept the Offer.

However, this benefit will not be available if BlackWall does not obtain 80% or more of the Pelorus Shares under the Offer and waives this condition. In such circumstances, Pelorus Shareholders who accept the Offer and receive BlackWall Shares may have a CGT liability but will not be able to claim CGT scrip for scrip rollover relief in respect of the BlackWall Shares received in exchange for the Pelorus Shares.

Please refer to section 9 of this Bidder's Statement for more information.

5.4 No pre-Offer benefits

(a) Previous 4 months

During the period beginning 4 months before the date of this Bidder's Statement and ending on the day immediately before the date of this Bidder's Statement, neither BlackWall nor any of its associates gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- (ii) dispose of Pelorus Shares,

and which is not offered to all holders of Pelorus Shareholders under the Offer.

(b) Period before Offer

During the period starting on the date of this Bidder's Statement and ending on the date immediately before the date of the Offer, neither BlackWall nor any of its associates gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- (i) accept the Offer; or
- (ii) dispose of Pelorus Shares,

and which is not offered to all holders of Pelorus Shareholders under the Offer.

6. Effect of the Offer on BlackWall and the profile of the Combined Group

6.1 Rationale for the Offer

BlackWall is committed to the growth of its business and aims to achieve this outcome through both organic growth and opportunistic acquisitions that offer synergies and the opportunity to combine resources and expertise, which will enable BlackWall to achieve cost savings and operational efficiencies.

BlackWall believes that acquiring Pelorus is consistent with its stated objectives as set out above.

6.2 Overview of the Combined Group

Other than as referred to elsewhere in this Bidder's Statement, the acquisition of Pelorus is not expected to have a material effect on the existing assets and operations of BlackWall.

6.3 Effect on capital structure of Combined Group

The actual number of BlackWall Shares on issue at completion of the Offer will depend upon the number of acceptances of the Offer. There are therefore many potential scenarios, depending on the above factors, which will result in different effects on the capital structure of BlackWall.

If the Offer is accepted by all holders of Pelorus Shares on issue as at the date of this Bidder's Statement, BlackWall would have approximately 171,366,287 fully paid ordinary shares on issue on completion of the Takeover Bid of which approximately 103,886,050 would represent Consideration Shares issued pursuant to the Offer.

The above scenarios is not the only scenario which may apply and the table below illustrates the effect of the Offer on the capital structure of the Combined Group at various acceptance levels and based on the terms of the Offer (1 BlackWall Share for every 3 Pelorus Shares).

Offer acceptance level	50%	80%	90%	100%
Consideration Shares to be issued	51,943,025	83,108,840	93,497,445	103,886,050
Total BlackWall shares on issue in Combined Group	119,423,262	150,589,077	160,977,682	171,366,287
Consideration Shares as a percentage of total BlackWall shares in Combined Group	43.49%	55.19%	58.08%	60.62%

Note: The table above assumes no options currently granted by BlackWall are exercised.

6.4 Pro forma historical consolidated financial information for the Combined Group

(a) Introduction and basis of preparation

The unaudited pro forma statement of financial position provided in this section 6.4 indicates the financial impact on BlackWall of BlackWall acquiring 100% of the Pelorus Shares under the Offer. The financial information is provided for illustrative

purposes only. In considering the information Pelorus Shareholders must take into account the following matters:

- (i) the carrying value of the Pelorus assets have not been subject to impairment reviews;
- (ii) the Offer Price is as stated under the terms of the Offer; and
- (iii) it is assumed that 100% ownership of Pelorus is achieved under this Offer and hence the accounts of Pelorus are fully consolidated on a line-by-line basis.

The unaudited pro forma consolidated financial information for the Combined Group has been prepared on the following basis:

- (i) The pro forma income statement of the Combined Group represents the pro forma consolidation of the income statements of BlackWall and Pelorus, adjusted using the assumptions as set out in section 6.4(d) below:
 - (A) for the BlackWall Group, this represents the statutory income statement for FY23 adjusted to reflect underlying performance; and
 - (B) for Pelorus, this represents the consolidated results from continuing operations for FY23, which has been derived from Pelorus' management accounts.
- (ii) The pro forma balance sheet of the Combined Group represents the pro forma consolidation of the balance sheets of BlackWall and Pelorus using the assumptions outlined in section 6.4(d) below:
 - (A) for the BlackWall Group, this represents the audited balance sheet as at 30 June 2023; and
 - (B) for Pelorus, this represents the consolidated balance sheet as it is expected to be as at the date of this Bidder's Statement, which has been provided to BlackWall by Pelorus.

This section 6.4 should be read in conjunction with the underlying financial information from which it is derived, the risk factors set out in section 8, the accounting policies of BlackWall and other information contained within this Bidder's Statement.

Other than the pro forma balance sheet, the pro forma financial information presented in this section includes only information that has otherwise been publicly disclosed by BlackWall and the management accounts of Pelorus.

The pro forma financial information should be considered as indicative only, as the Pelorus financial information for FY23 has been prepared on the basis of Pelorus management accounts. In particular, it should be noted that the pro forma financial information does not include the impact of any potential synergies available to the Combined Group. As disclosed elsewhere in this Bidder's Statement, the Combined Group expects to achieve benefits of scale and cost efficiencies which are expected to improve the medium-term financial performance of BlackWall, and which is not reflected in the pro forma income statement presented in this section.

(e) Pelorus financial information

In preparing pro forma financial information on the Combined Group, financial information regarding Pelorus was required. For the purposes of this Bidder's Statement, that information has been prepared based on management accounts and information provided to BlackWall by Pelorus.

BlackWall does not make any representation or warranty, express or implied, as to the accuracy or completeness of that information. Pelorus may release updated financial information in any target's statement which is sent to Pelorus Shareholders.

7. BlackWall's intentions in relation to Pelorus

7.1 Introduction

This section sets out BlackWall's intentions in relation to:

- (a) the continuation of the business of Pelorus;
- (b) any major changes to the business of Pelorus and any redeployment of the fixed assets of Pelorus;
- (c) the compulsory acquisition of Pelorus;
- (d) any major changes to the board of Pelorus; and
- (e) any impact on employees of Pelorus.

BlackWall's overall intention is to drive long-term value creation by adopting an active engagement model, commensurate with the size of any shareholding in Pelorus that BlackWall acquires.

The intentions of BlackWall have been formed on the basis of publicly available facts and information known about Pelorus and the general business environment that is known to BlackWall as at the date of preparation of this Bidder's Statement. Final decisions regarding these matters will only be reached by BlackWall in light of material information, facts and circumstances at the relevant time. Accordingly, the statements set out in this section 7 are statements of current intention only and may vary as new information becomes available or circumstances change. The statements in this section should be read in this context.

7.2 Intentions for Pelorus as a wholly-owned controlled entity

This section 7.2 describes BlackWall's intentions if BlackWall acquires a Relevant Interest in 90% or more of the Pelorus Shares, with the result that BlackWall becomes entitled to proceed to compulsory acquisition of outstanding Pelorus Shares in accordance with Part 6A.1 of the Corporations Act.

(a) Corporate actions

BlackWall intends to proceed with compulsory acquisition of the outstanding Pelorus Shares in accordance with the provisions of Part 6A.1 of the Corporations Act.

(b) Business operations

As at the date of this Bidder's Statement, BlackWall intends to continue operating Pelorus' business following the end of the Offer Period in the manner presently conducted and BlackWall has not otherwise formed any intentions regarding implementing any major changes to Pelorus' business.

(c) Impact on employees

Notwithstanding that the implementation of the Takeover Bid may result in certain operational functions, for example, some head office functions becoming redundant, the incidence, extent and timing of such job losses cannot be predicted in advance. Given that Pelorus does not employ any employees as at the date of this Bidder's Statement, the Takeover Bid will not have any impact on employees of Pelorus.

Where possible, BlackWall will seek to minimise job losses through redeployment of the relevant employees in the Combined Group. If redundancies do occur in BlackWall, the relevant employees will receive benefits in accordance with their contractual and other legal entitlements.

7.3 Intentions for Pelorus as a part owned controlled entity

This section 7.3 describes BlackWall's intentions if Pelorus becomes a controlled entity of BlackWall, but BlackWall is not entitled to proceed to compulsory acquisition of outstanding Pelorus Shares in accordance with Part 6A.1 of the Corporations Act.

(a) Corporate actions if Relevant Interests are less than 90% but more than 80% of Pelorus

If BlackWall and its Associates have Relevant Interests in less than 90% but more than 80% of Pelorus, BlackWall may:

- (i) acquire further Pelorus Shares at some later time in a manner consistent with the Corporations Act (for example as a result of acquisitions of Pelorus Shares in reliance on the '3% creep' exception in item 9, or the "rights issues" exception in item 10 of section 611 of the Corporations Act (including as underwriter or sub-underwriter, if the circumstances surrounding the rights issue is appropriate or it is commercially necessary for Pelorus that BlackWall acts in such a capacity)); and
- (ii) even if BlackWall is not entitled to proceed to compulsory acquisition of minority holdings after the end of the Offer Period, it may subsequently become entitled to exercise those rights and, in the event such rights of compulsory acquisition arise, BlackWall intends to exercise those rights.

The ability of BlackWall to implement the intentions set out in this section 7.3 is subject to the legal obligations of the Directors of Pelorus in relation to the interests of Pelorus and all Pelorus Shareholders, and the requirements of the Corporations Act and the ASX Listing Rules relating to transactions between related parties. BlackWall will only make a decision on the above mentioned courses of action following legal and financial advice in relation to those requirements.

(b) Corporate actions if Relevant Interests are less than 80% but more than 50.1% of Pelorus

BlackWall reserves its right to declare the Offer free from the 80% minimum acceptance condition (or any other condition) to the Offer. However, it has made no decision as to whether it will do so.

This section 7.3(b) describes BlackWall's intentions if BlackWall were to declare the Offer free of the 80% minimum acceptance condition.

If BlackWall and its Associates have Relevant Interests in less than 80% but more than 50.1% of Pelorus, BlackWall may:

- (i) acquire further Pelorus Shares at some later time in a manner consistent with the Corporations Act (for example as a result of acquisitions of Pelorus Shares in reliance on the "3% creep" exception in item 9, or the "rights issues" exception in item 10 of section 611 of the Corporations Act (including as underwriter or sub-underwriter, if the circumstances surrounding the rights issue is appropriate or it is commercially necessary for Pelorus that BlackWall acts in such a capacity)); and
- (ii) even if BlackWall is not entitled to proceed to compulsory acquisition of minority holdings after the end of the Offer Period, it may subsequently

become entitled to exercise those rights. In the event such rights of compulsory acquisition arise, BlackWall intends to exercise those rights.

The ability of BlackWall to implement the intentions set out in this section 7.3 is subject to the legal obligations of the Directors of Pelorus in relation to the interests of Pelorus and all Pelorus Shareholders, and the requirements of the Corporations Act and the ASX Listing Rules relating to transactions between related parties. BlackWall will only make a decision on the above mentioned courses of action following legal and financial advice in relation to those requirements.

7.4 Other intentions

Subject to the matters described above in this section 7 and elsewhere in this Bidder's Statement, it is the intention of BlackWall, on the basis of the facts and information concerning Pelorus that are known to it and the existing circumstances affecting the assets and operations of Pelorus at the date of this Bidder's Statement, that:

- (a) the business of Pelorus will be conducted in the same manner as at the date of this Bidder's Statement;
- (b) there will be no redeployment of the fixed assets of Pelorus; and
- (c) there will be no redeployment of Pelorus employees given Pelorus does not presently employ any employees as at the date of this Bidder's Statement.

7.5 Limitation on intentions

The ability of BlackWall to implement the intentions set out in this section 7, will be subject to the legal obligations of Directors of BlackWall to have regard to the interests of Pelorus and all Pelorus Shareholders, and the requirements of the Corporations Act, including without limitation, in relation to transactions between related parties.

8. Risk factors

8.1 Introduction

If the Offer becomes unconditional, Pelorus Shareholders who accept the Offer will become BlackWall Shareholders. In that event, BlackWall will acquire an interest in Pelorus and BlackWall Shareholders will continue to be indirectly exposed to the risks associated with having an interest in Pelorus' assets and general economic, share market and industry risks. There are also additional risks relating to BlackWall and the Combined Group, to which Pelorus Shareholders will be exposed through their holding of BlackWall Shares.

The value of BlackWall Shares is influenced by a range of factors, many of which are beyond the control of the Combined Group. These risk factors are divided into:

- (a) risks that are specific to BlackWall;
- (b) risks that are specific to Pelorus;
- (c) risks specific to the industry that BlackWall and Pelorus operate in; and
- (d) specific risks relating to the Offer that may affect BlackWall and the creation of the Combined Group;
- (e) other general risks.

You should carefully consider the following risk factors, as well as the other information provided by BlackWall, and consult your financial and legal advisers before making a decision as to whether to accept the Offer.

The risks and uncertainties described below are not the only ones facing BlackWall. Additional risks and uncertainties that BlackWall is unaware of, or that it currently considers to be immaterial, may also become important factors that adversely affect BlackWall's operating and financial performance.

These risk factors do not take into account the investment objectives, financial and tax situation, or the particular needs, of individual Pelorus Shareholders.

8.2 Specific risks relevant to BlackWall and the industry it operates in

Set out below are the key risks specific to an investment in BlackWall and the industry that BlackWall and Pelorus operate in.

(a) Market volatility

Property markets can be subject to fluctuations, which can impact the performance of property investments. Economic downturns, changing interest rates as well as local and global market conditions can create challenges in achieving desired returns.

(b) Dependency on external factors

BlackWall is affected by external factors such as property market conditions, government regulations and financing availability. Changes in these factors, such as stricter regulations or limited credit availability, can affect operations and performance.

(c) Valuation challenges

Property valuations are subjective and influenced by market conditions and individual appraisals.

8.3 Specific risks relevant to Pelorus

BlackWall has undertaken limited financial, operational, business and other analysis in respect of Pelorus in order to determine its attractiveness to BlackWall and whether to pursue the Offer. There is therefore a possibility that risks may exist in relation to Pelorus (which will affect the Combined Group) of which BlackWall may be unaware, including latent, future or otherwise unknown claims or liabilities.

8.4 Specific risks that may affect BlackWall and the Combined Group

(a) Issue of BlackWall Shares as consideration

Pelorus Shareholders are being offered a specified number of BlackWall Shares (1 BlackWall Share for every 1 Pelorus Shares), rather than a number of BlackWall Shares with a specified market value. As a result, the value of the Offer will fluctuate depending upon the market value of the BlackWall Shares.

The market value of the BlackWall Shares issued under the Offer will depend on the trading price of those shares. There is no guarantee that the trading price of BlackWall Shares will increase in the future, or that the trading price in the future will be the same as the current trading prices of BlackWall Shares. The market value of BlackWall Shares may vary from their market value on the date that Pelorus Shareholders accept the Offer.

BlackWall Shares issued under the Offer as consideration for the acquisition of Pelorus Shares held by Ineligible Foreign Shareholders (who accept the Offer) will be sold on-market by the ASIC-approved Nominee in accordance with the procedure set out in section 7. Therefore this process may adversely impact the price of BlackWall Shares. Further, in relation to those Ineligible Foreign Shareholders who accept the Offer, there is no guarantee that the value the Nominee obtains for the BlackWall Shares under the sale facility will be the same as (or better than) the market price of BlackWall Shares as at the date of this Bidder's Statement.

There is also a risk that Pelorus Shareholders who elect to participate in the Offer may wish to sell their BlackWall Shares shortly after receipt. This may also adversely impact the price of BlackWall Shares.

(b) Integration risks

There are risks that any integration between the businesses of BlackWall and Pelorus may take longer than expected and that anticipated efficiencies and benefits of that integration may be less than estimated. These risks include inability to achieve synergy benefits and cost savings. Integration cost that are higher than expected could have a material adverse effect on BlackWall and the Combined Group.

(c) Accounting

BlackWall will be required to perform a fair value assessment of all of Pelorus' assets and liabilities if the Offer is successful. This assessment may result in increased non-cash depreciation and amortisation charges. There is a risk that these charges may be substantially greater than those that would exist in BlackWall and Pelorus as separate businesses. This may reduce the future earnings of the Combined Group.

(d) Change in risk and investment profile

Pelorus Shareholders who accept the Offer will be exposed to risk factors relating to BlackWall, and to certain additional risks relating to the Combined Group and the integration of the two companies.

(e) Acquisition risk

BlackWall may also review and consider other business opportunities. Consequently, this strategy may result in BlackWall making acquisitions of, or investments in, complementary or alternative companies or assets. Any such transactions would be accompanied by the risks inherent in making acquisitions of companies and assets. For example, there may be liabilities in connection with such acquisitions that are not identified in BlackWall's due diligence or the acquisitions may not prove to be successful. Further, risks associated with such acquisitions will also arise from BlackWall's ability to execute the acquisition and then to correctly manage the business operations and growth strategies moving forward.

(f) Risks associated with BlackWall holding less than 100% of the Pelorus Shares

If, in connection with or following the Offer, BlackWall ultimately acquires less than 90% of the Pelorus Shares, BlackWall and its shareholders will be exposed to a non-wholly owned interest in Pelorus. As a result, BlackWall's ability to obtain the benefits of its interest in Pelorus will necessarily be limited by its ownership exposure. BlackWall's ability to effect its intentions with respect to Pelorus will also be subject to the legal obligations of nominee Directors to have regard to the interests of all Pelorus Shareholders, and the requirements of the Corporations Act, including without limitation, in relation to transactions between related parties.

(g) Risks associated with retention of a minority stake

There are some risks associated with the Offer for Pelorus Shareholders who do not accept the Offer and remain Pelorus Shareholders. If, in connection with or following the Offer, BlackWall acquires between 90% and 100% of the Pelorus Shares, BlackWall may be entitled to compulsorily acquire the remaining shares of the Pelorus Shareholders.

While the Offer is subject to an 80% minimum acceptance condition, BlackWall reserves its right to declare the Offer free from the 80% minimum acceptance condition (or any other condition) to the Offer. However, it has made no decision as to whether it will do so.

If, in connection with the Offer and whether BlackWall waives the 80% minimum acceptance condition, BlackWall acquires more than 50.1% but less than 90% of the Pelorus Shares, BlackWall will hold a controlling interest in Pelorus. The remaining Pelorus Shareholders will be in a minority position in a company with a large controlling shareholder whose objectives for the company may differ from their own. They could also encounter a lower level of liquidity in Pelorus Shares than that exists today, which could result in a lower price for those Pelorus Shares should they wish to sell them in future. Trading liquidity could also be reduced in the event BlackWall possesses the necessary voting power to pass a special resolution to delist Pelorus.

If, following the End Date, BlackWall waives the 80% minimum acceptance condition and does not acquire a Relevant Interest of at least 50.1% of the Pelorus Shares, BlackWall will hold a non-controlling interest in Pelorus. If this occurred, it is possible that BlackWall and another person or persons could each hold large minority interests in Pelorus. In such a situation, any commercial misalignment

between large minority Pelorus Shareholders could impact on the efficient and effective governance of Pelorus and could adversely affect its ongoing performance.

(h) Capital requirement risks

The Combined Group's capital requirements will depend on a number of factors. BlackWall expects the Combined Group will have sufficient funding in relation to its existing operations (based on existing estimates of funding requirements). Funding requirements may change in the future depending on multiple factors.

(i) Potential unavailability of CGT scrip for scrip rollover relief

While the Takeover Bid is subject to an 80% minimum acceptance condition, BlackWall may waive this Condition. If BlackWall does not obtain 80% or more of the Pelorus Shares under the Offer and waives this Condition, Pelorus Shareholders who accept the Offer and receive BlackWall Shares may have a CGT liability but will not be able to claim CGT scrip for scrip rollover relief in respect of the BlackWall Shares received in exchange for the Pelorus Shares.

8.5 General risks

(a) The future price of BlackWall Shares is subject to the uncertainty of equity market conditions

There are general risks associated with an investment in the share market. Such risks may affect the value of BlackWall Shares. The value of BlackWall Shares may rise or fall depending on the financial position, operating performance and dividends of BlackWall.

Further, broader market factors affecting the price of shares are unpredictable and may be unrelated or disproportionate to the financial performance of BlackWall. Such factors may include the rate of inflation, changes in interest rates, the economic conditions in Australia and overseas, investor sentiment in the local and international stock markets, consumer sentiment, changes in fiscal, monetary, regulatory and other government policies, changes in laws, global political and economic stability, interest and inflation rates and foreign exchange rates.

(b) Forward looking statements

Forward looking statements, opinions, estimates and projections are dependent on various factors, many of which are outside of the control of BlackWall. There is a risk that assumptions and contingencies upon which forward statements, opinions, estimates and projections are based may differ from what may actually result. This could impact upon the value of BlackWall Shares.

(c) Economic environment

Economic conditions in Australia and globally will affect the business and financial condition of BlackWall. Any protracted slowdown in, or adverse changes to, economic conditions, such as the level of inflation, interest rates, exchange rates, consumer confidence, government policy (including fiscal, monetary and regulatory policies) and employment rates, among others, are outside the control of BlackWall and may result in materially adverse impacts on BlackWall.

(d) Tax risks

Future changes in taxation law in Australia, including changes in interpretation or application of the law by courts and taxation authorities in Australia, may affect tax treatment of an investment in BlackWall Shares, or holding or disposal of those

BlackWall Shares. Further changes in taxation law, or the way in which BlackWall operates, may impact significantly on BlackWall's tax liabilities.

8.6 Risks not exhaustive

The risks set out in this section 8 are not exhaustive of all the risks faced or that may be faced by Pelorus Shareholders. Accordingly, no assurances or guarantees of future performance or profitability are given by BlackWall or any of its officers or employees.

9. Tax considerations

This section 9 contains a general description of the Australian income tax (including CGT) and GST consequences for Pelorus Shareholders who either accept the Offer and dispose of their Pelorus Shares to BlackWall, or whose Pelorus Shares are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act.

This section 9 deals only with Australian-resident Pelorus Shareholders who hold their Pelorus Shares on capital account for income tax purposes. It does not deal with Pelorus Shareholders who:

- (a) are tax residents of a country other than Australia;
- (b) hold their Pelorus Shares for the purpose of speculation or a business of dealing in securities (eg as trading stock or revenue assets);
- (c) acquired their Pelorus Shares pursuant to an employee share, option or rights plan;
- (d) are taken for CGT purposes to have acquired their Pelorus Shares before 20 September 1985; or
- (e) are subject to the taxation of financial arrangement rules in Division 230 of the Tax Act in relation to gains and losses on their Pelorus Shares.

Pelorus Shareholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences of the Offer under the laws of their country of residence, as well as under Australian law, of acceptance of the Offer.

The information in this section 9 is based upon the Australian law and administrative practice in effect as at the date of this Bidder's Statement, but is general in nature and is not intended to be an authoritative or complete statement of the laws applicable to the particular circumstances of a Pelorus Shareholder. Pelorus Shareholders should seek independent professional advice in relation to their own particular circumstances.

9.1 Australian-resident Pelorus Shareholders

(a) Pelorus Shareholders who accept the Offer

If the Offer becomes unconditional, acceptance of the Offer by a Pelorus Shareholder will involve the disposal of their Pelorus Shares to BlackWall. This change of ownership of Pelorus Shares will constitute a CGT event for Australian income tax purposes. The date of disposal for CGT purposes should be the date the contract to dispose of the Pelorus Shares is formed.

(b) Compulsory acquisition

If a Pelorus Shareholder does not dispose of their Pelorus Shares under the Offer and their Pelorus Shares are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act, those Pelorus Shareholders will also be treated as having disposed of their Pelorus Shares for CGT purposes.

In this case, the date of the CGT event will be the date when the Pelorus Shareholder ceases to be the owner of the Pelorus Shares.

(c) CGT

(i) Calculation of capital gain or capital loss (apart from scrip for scrip rollover relief)

Pelorus Shareholders will make a capital gain to the extent that the capital proceeds from the disposal of their Pelorus Shares are more than the cost base of those Pelorus Shares. Conversely, Pelorus Shareholders will make a capital loss to the extent that the capital proceeds are less than their reduced cost base of those Pelorus Shares.

(ii) Cost base

The cost base of the Pelorus Shares generally includes the purchase price paid for the shares and certain non-deductible incidental costs of their acquisition and disposal. The reduced cost base of the Pelorus Shares is usually determined in a similar but not identical manner.

(iii) Capital proceeds

The capital proceeds for the disposal of Pelorus Shares should be equal to the Offer consideration receivable by the Pelorus Shareholder. The capital proceeds should be equal to the market value of the BlackWall Shares received by the Pelorus Shareholder, determined as at the time of the CGT event.

(iv) CGT discount

Individuals, complying superannuation entities or trustees of trusts that have held their Pelorus Shares for at least 12 months before the CGT event may be entitled to discount the amount of the capital gain (after application of capital losses) from the disposal of Pelorus Shares. The discount is 50% in the case of individuals and trusts or 33 $\frac{1}{3}$ % for complying superannuation entities. For trusts, the ultimate availability of the discount for a beneficiary of the trust will depend on the particular circumstances of the beneficiary. Pelorus Shareholders should seek specific advice on the availability of the CGT discount in their own circumstances.

(v) Net capital gains or losses

Capital gains (prior to any CGT discount) and capital losses of a taxpayer in an income year are aggregated to determine whether there is a net capital gain or net capital loss. Any net capital gain (after discount) is included in assessable income and therefore is potentially subject to income tax at the taxpayer's relevant marginal tax rate.

Net capital losses may not be deducted against other income for income tax purposes, but may be carried forward to offset against future capital gains (subject to satisfaction of loss recoupment tests for certain taxpayers).

(vi) Scrip for scrip rollover

While the Takeover Bid is subject to an 80% minimum acceptance condition, BlackWall may waive this Condition. Scrip for scrip rollover should be available if BlackWall acquires at least 80% of the Pelorus Shares under the Offer. If, and to the extent that scrip for scrip rollover is available and chosen, then the capital gain that would otherwise arise will

be deferred until a later CGT event occurs, such as the subsequent disposal of the shares acquired under the Offer.

In order to choose scrip-for-scrip rollover relief, Pelorus Shareholders must make an election prior to lodging their income tax return for the income year in which the CGT event occurs. BlackWall will not make a choice under section 124-795(4) of the Tax Act to deny scrip for scrip rollover relief (where it would otherwise be available).

Scrip for scrip rollover relief is not available if a capital loss arises on the exchange of the Pelorus Shares.

If BlackWall does not obtain 80% or more of the Pelorus Shares under the Offer and waives the 80% minimum acceptance condition, Pelorus Shareholders who accept the Offer and receive BlackWall Shares may have a CGT liability but will not be able to claim CGT scrip for scrip rollover relief in respect of the BlackWall Shares received in exchange for the Pelorus Shares.

(d) Implications of holding BlackWall Shares

As a consequence of accepting the Offer, a Pelorus Shareholder will become a shareholder of BlackWall. Dividends (and any attached franking credits) received by an Australian-resident BlackWall Shareholder would generally be required to be included in the assessable income of such a shareholder. The franking credits attached to the dividend may be available as a benefit to the shareholder under the imputation regime.

(e) CGT on subsequent disposal of BlackWall Shares

A subsequent disposal of BlackWall Shares will generally result in Australian CGT implications as described above. These will differ depending upon whether or not scrip for scrip rollover relief was claimed in relation to the disposal of Pelorus Shares pursuant to the Offer.

(i) Where scrip for scrip rollover not claimed or available

Where scrip for scrip rollover relief was not claimed or was not available in relation to the disposal of the Pelorus Shares, the cost base of the BlackWall Shares (spread equally over those BlackWall Shares) would include the market value of the Pelorus Shares disposed of in exchange for them. Where the Offer was accepted, this market value should be determined as at the time of the CGT event for disposal of the Pelorus Shares (see section 9.1(a) above). Where the Pelorus Shares were compulsorily acquired, this market value should be determined as at the date the BlackWall Shares were issued.

(ii) Where scrip for scrip rollover available

Where a Pelorus Shareholder chooses scrip for scrip rollover, the cost base (and reduced cost base) of the BlackWall Shares will reflect proportionally the cost base (and reduced cost base) that the Pelorus Shareholder had in their Pelorus Shares that are disposed of in exchange for the BlackWall Shares.

The cost base and reduced cost base of the BlackWall Shares may subsequently change, for example where incidental costs are incurred to sell the BlackWall Shares.

A Pelorus Shareholder will be taken to have acquired the BlackWall Shares at the time the Pelorus Shares exchanged for them were originally acquired for CGT purposes.

9.2 GST

Pelorus Shareholders should not be liable to GST in respect of the disposal of their Pelorus Shares or the acquisition of BlackWall Shares under the Offer.

Pelorus Shareholders may be charged GST on costs (such as advisor fees relating to their participation in the Offer) that relate to the Offer. Pelorus Shareholders may be entitled to input tax credits or reduced input tax credits for such costs, depending on their particular circumstances.

9.3 Stamp duty

Pelorus Shareholders should not be liable to stamp duty in respect of the disposal of their Pelorus Shares or the acquisition of BlackWall Shares under the Offer.

10. Additional Information

10.1 BlackWall as a disclosing entity

Due to the fact that BlackWall is offering BlackWall Shares as consideration for the acquisition of Pelorus Shares under the Offer, the Corporations Act requires that this Bidder's Statement include all information that would be required for a prospectus for an offer of BlackWall Shares under sections 710 to 713 of the Corporations Act.

Neither BlackWall nor Pelorus need to issue a prospectus for the Offer of the BlackWall Shares as the Offer is occurring under a takeover bid.

BlackWall is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and therefore is subject to regular reporting and disclosure obligations. Specifically, like all disclosing entities, BlackWall is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of BlackWall Shares.

BlackWall Shares have been quoted on the official list of ASX during the 3 months prior to the date of this Bidder's Statement. For this reason, BlackWall is only required to disclose information in this Bidder's Statement that would usually be required where BlackWall Shares have been continuously quoted securities.

In general terms where BlackWall Shares are continuously quoted securities this Bidder's Statement is only required to contain information in relation to the effect of the Offer on BlackWall and the rights and liabilities attaching to the BlackWall Shares. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company unless such information has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules and it is information:

- (a) that investors and their professional advisers would reasonably require for the purposes of making an informed assessment of such matters; and
- (b) relating to the rights and liabilities attaching to the BlackWall Shares.

Having made such enquiries as are reasonable, BlackWall believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the 12 months before the issue of this Bidder's Statement which required BlackWall to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

There is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules or this Bidder's Statement that Pelorus Shareholders and their professional advisers would reasonably require for the purpose of making an informed assessment of:

- (a) the assets and liabilities, financial position and performance, profits and losses and prospects of BlackWall; and
- (b) the rights and liabilities attaching to the BlackWall Shares to be issued pursuant to the Offer.

Information that is already in the public domain has not been reported in this Bidder's Statement, other than that which is considered necessary to make this Bidder's Statement complete.

BlackWall, as a disclosing entity under the Corporations Act, states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC in relation to BlackWall (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Bidder's Statement and the date the Offer Period closes:
 - (i) the annual financial report most recently lodged by BlackWall with ASIC;
 - (ii) any half year financial report lodged with ASIC by BlackWall after the lodgement of the annual financial report referred to in paragraph (i) and before the lodgement of this Bidder's Statement with ASIC; and
 - (iii) any documents used to notify ASX of information relating to BlackWall during that period in accordance with the ASX Listing Rules as referred to in section 674(1) of the Corporations Act.

Copies of all documents lodged with ASIC in relation to BlackWall can be inspected at the registered office of BlackWall during normal office hours.

ASX maintains files containing publicly disclosed information about all listed companies. BlackWall's file is available for inspection at ASX during normal business hours.

BlackWall lodges all required financial reports and continuous disclosure notices, copies of which are lodged with ASIC and ASX and can be accessed via <https://www2.asx.com.au/markets/company/BWF>.

10.2 Status of defeating conditions

The Offer is subject to a number of conditions set out in Appendix 2. BlackWall will provide updates on any material developments relating to the status of these conditions through announcements to the ASX.

BlackWall is not aware of any events or circumstances which would result in the non-fulfilment of any of the conditions set out in Appendix 2.

10.3 Date for determining holders of Pelorus Shares

For the purposes of section 633 of the Corporations Act, the date for determining the people to whom information is to be sent under items 6 and 12 of section 633(1) is the Register Date.

Under the terms of ASIC Class Order 13/521, the parties making those statements are not required to consent to, and have not consented to, inclusion of those statements in this Bidder's Statement. If you would like to receive a copy of any of those documents, or the relevant parts of the documents containing the statements, (free of charge), during the Offer Period, please contact BlackWall (Emily Franca) on +612 9033 8611, from Monday to Friday between 9.00am and 5.00pm (Sydney Time). Telephone calls to this number may be recorded.

Neither ASIC, nor the ASX, nor their respective officers, take any responsibility for the content of this Bidder's Statement.

(c) Official statements

As permitted by Corporations Instrument 2016/72, this Bidder's Statement may include or be accompanied by certain statements:

- (i) which fairly represent what purports to be a statement by an official person; or
- (ii) which are a correct and fair copy of, or extract from, what purports to be a public official document; or

In addition, as permitted by Corporations Instrument 2016/72, this Bidder's Statement contains trading data sourced from CommSec provided without its consent.

10.5 No pre-offer benefit

During the period of 4 months before the date of this Bidder's Statement, and the period from the date of this Bidder's Statement to the date before the date of the Offer, neither BlackWall nor any Associate of BlackWall gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an Associate of the other person, to:

- (a) accept the Offer; or

(b) dispose of Pelorus Shares,

and which is not offered to all holders of Pelorus Shares under the Offer.

10.6 No escalation agreements

Neither BlackWall nor any of its Associates has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

10.7 Broker commission

As at the date of this Bidder's Statement, BlackWall has not made a decision as to whether to offer to pay a commission to brokers who solicit acceptances of the Offer by a Pelorus Shareholder. However, BlackWall reserves the right to introduce such an arrangement.

10.8 BlackWall's financial position

The information in this Bidder's Statement relating to BlackWall's financial position is extracted from:

- (a) BlackWall's Annual Report for the year ended 30 June 2023 (**FY23 Annual Report**) and is available to view on: <https://BlackWall.com.au/invest/>; and

BlackWall is not aware of any new information or data that materially affects the information included in BlackWall's FY23 Annual Report or its FY22 Annual Report.

10.9 Ineligible Foreign Shareholders

Ineligible Foreign Shareholders who accept the Offer will not be entitled to receive BlackWall Shares as consideration for their Pelorus Shares, unless BlackWall otherwise determines.

A Pelorus Shareholder is an Ineligible Foreign Shareholder if their address as shown in the register of members of Pelorus is in a jurisdiction other than Australia and its external territories and New Zealand.

However, such a person will not be an Ineligible Foreign Shareholder if BlackWall is satisfied that it is not legally or practically constrained from making the Offer to a Pelorus Shareholder in the relevant jurisdiction and to issue BlackWall Shares to such a shareholder on acceptance of the Offer, and that it is lawful for the shareholder to accept the Offer in such circumstances in the relevant jurisdiction. Notwithstanding anything else in this Bidder's Statement, BlackWall is not under any obligation to spend any money, or undertake any action, in order to satisfy itself concerning any of these matters.

The BlackWall Shares which would otherwise have been issued to Ineligible Foreign Shareholders will instead be issued to the Nominee, who will sell these BlackWall Shares on the ASX. The net proceeds of the sale of such BlackWall Shares will then be remitted to the relevant Ineligible Foreign Shareholders. Refer to section 7 of this Bidder's Statement for further details.

BlackWall may also pay, or agree to pay Gadens additional fees (based on agreed hourly rates) for legal services provided in connection with the Offer after the date of this Bidder's Statement.

PricewaterhouseCoopers has acted as tax adviser and has performed work in relation to specific tax advisory services in relation to the Offer, including preparing the summary of Australian taxation considerations for Pelorus Shareholders set out in section 9 of this Bidder's Statement. 10.14 Regulatory and other approval, consent or waiver requirements

BlackWall has received in-principle advice from the ASX that the ASX is likely to confirm the acquisition of Pelorus will not constitute a change to the nature or scale of BlackWall's activities that would require BlackWall to obtain the approval of BlackWall Shareholders, or require the Combined Group to re-comply with Chapters 1 and 2 of the ASX Listing Rules.

Appendix 1 Offer Terms

1. Offer

- (a) BlackWall offers to acquire all of your Pelorus Shares, together with all Rights attaching to them, on the following terms and conditions.
- (b) This Offer relates to Pelorus Shares that exist or will exist as at the Register Date.
- (c) You may only accept this Offer for all of your Pelorus Shares.
- (d) By accepting this Offer, you undertake to transfer to BlackWall not only the Pelorus Shares to which this Offer relates but also all Rights attached to those Pelorus Shares (see clauses 6.4 and 6.5).
- (e) If, at the time the Offer is made to you, or at any time during the Offer Period, another person is, or is entitled to be, registered as the holder of some or all of your Pelorus Shares, then:
 - (i) a corresponding offer on the same terms and conditions as this Offer will be deemed to have been made to that other person in respect of those Pelorus Shares;
 - (ii) a corresponding offer on the same terms and conditions as this Offer will be deemed to have been made to you in respect of any other of your Pelorus Shares; and
 - (iii) this Offer will be deemed to have been withdrawn immediately at that time.

2. Consideration

- (a) Subject to the terms of this Offer, the consideration offered is 1 New BlackWall Share for every 3 Pelorus Shares that you hold, or you will hold.
- (b) If, at the time this Offer is made, you are an Ineligible Foreign Shareholder, you will not receive BlackWall Shares as consideration under the Offer. Instead, you are offered and will receive a cash amount as part of the Nominee sale process determined in accordance with clause 7.
- (c) If you elect to participate in the Offer, any entitlement that you have to BlackWall Shares under this Offer will be calculated by dividing the number of Pelorus Shares you hold by 3. If this calculation results in an entitlement to a fraction of a BlackWall Share, the number of BlackWall Shares you are entitled to pursuant to this Offer will be rounded up to the nearest whole number of BlackWall Shares.
- (d) If BlackWall reasonably believes that a Pelorus Shareholder's holdings have been manipulated to take advantage of this rounding up, then any fractional entitlement will be rounded down.
- (e) The New BlackWall Shares to be issued under the Offer will be issued fully paid and will rank equally in all respects with all other BlackWall Shares currently on issue.

3. Offer Period

This Offer will, unless withdrawn, remain open for acceptance during the period commencing on the date of the Offer, being 18 September 2023, and ending at 7.00pm (Sydney Time) on:

- (a) the End Date; or
- (b) any date to which the period of the Offer is extended in accordance with the Corporations Act,

whichever is the later.

4. Official Quotation of New BlackWall Shares

- (a) BlackWall has been admitted to the official list of ASX. Securities of the same class as those to be issued as Offer Consideration have been granted official quotation by ASX.
- (b) This Offer and any contract that results from your acceptance of this Offer are subject to a condition that:
 - (i) BlackWall applies to ASX within 7 days after this Bidder's Statement is given to Pelorus, for the admission of the New BlackWall Shares to official quotation; and
 - (ii) permission for admission to official quotation by ASX of the New BlackWall Shares to be issued under the Offers which are accepted, is granted no later than 7 days after the end of the Offer Period.
- (c) The condition in clause 4(b) is required by section 625(3) of the Corporations Act, is not a defeating condition for the purposes of the Corporations Act, and is not of the same nature as the conditions set out in Appendix 2. Section 625(3) of the Corporations Act provides that this Offer cannot be freed of the condition prescribed in that section, and consequently no statement made by BlackWall can be taken to be a waiver of that condition. If this condition is not fulfilled all contracts resulting from acceptance of the Offer will be void automatically.
- (d) Official quotation of securities by ASX is not granted automatically on application. However, BlackWall has no reason to believe that the New BlackWall Shares to be issued under the Offer will not be admitted to quotation by ASX.

- (a) BlackWall may in its sole discretion and without notice to you waive any or all of those requirements at any time (including requirements in relation to the manner or method of acceptance, or the deadline for receipt of acceptances specified under clause 5.2); and
- (b) where such requirements have been complied with in respect of some but not all of your Pelorus Shares, BlackWall may, in its sole discretion, deem your acceptance of this Offer complete in respect of those Pelorus Shares for which the requirements have been complied with but not in respect of the remainder (unless BlackWall waives those requirements in accordance with clause 5.4).

Where BlackWall elects to waive any requirement of this clause 5, your acceptance of this Offer will be complete regardless of any failure by you to comply with the waived requirement.

6. Consideration for your Pelorus Shares

6.1 How the Offer Consideration for your Pelorus Shares will be provided

The obligation of BlackWall to issue and allot any New BlackWall Shares to which you are entitled as Offer Consideration under the Offer will be satisfied by BlackWall:

- (a) entering your name in the BlackWall share register; and
- (b) dispatching or procuring the dispatch to you an uncertificated holding statement in your name by pre-paid ordinary mail to your address as shown on the Register (or such other address as you may notify in writing to BlackWall).

If your Pelorus Shares are held in a joint name, an uncertificated holding statement or a confirmation of issue will be issued in the name of the joint holders.

6.2 When Offer Consideration is provided

Subject to clause 6.3 and the Corporations Act, if the contract resulting from your acceptance of this Offer becomes unconditional, BlackWall will provide the Offer Consideration to which you are entitled on acceptance of this Offer on or before the earlier of:

- (a) 1 month after the date this Offer is validly accepted by you or, if this Offer is subject to a defeating condition when accepted, within 1 month after this Offer or the contract resulting from your acceptance of this Offer becomes unconditional; and
- (b) 21 days after the end of the Offer Period.

6.3 Where additional documents are required

Where the Acceptance Form or any subsequent request from BlackWall requires additional documents to be given with your acceptance (such as a certified copy of any of a power of

attorney, grant of probate or letters of administration, or any other document reasonably requested by BlackWall to give better effect to your acceptance):

- (a) if the documents are given with your acceptance, BlackWall will provide the consideration in accordance with clause 6.2; or
- (b) if the documents are given after acceptance and before the end of the Offer Period and this Offer is subject to a defeating condition at the time that BlackWall is given the documents, BlackWall will provide the consideration by the end of whichever of the following periods ends earlier:
 - (i) 1 month after the contract resulting from your acceptance of this Offer becomes unconditional; and
 - (ii) 21 days after the end of the Offer Period; or
- (c) if the documents are given after acceptance and before the end of the Offer Period and this Offer is unconditional at the time that BlackWall is given the documents, BlackWall will provide the consideration by the end of whichever of the following periods ends earlier:
 - (i) 1 month after BlackWall is given the documents; and
 - (ii) 21 days after the end of the Offer Period; or
- (d) if the documents are given after the end of the Offer Period, BlackWall will provide the consideration within 21 days after the documents are given; but if at the time BlackWall is given the documents, the contract resulting from your acceptance of this Offer is still subject to 1 or more of the conditions referred to in paragraph (d) of Appendix 2, BlackWall will provide the consideration within 21 days after that contract becomes unconditional.

If you do not provide BlackWall with the required additional documents within 1 month after the end of the Offer Period, BlackWall may, in its sole discretion, rescind the contract resulting from your acceptance of this Offer.

6.4 Where BlackWall is entitled to any Rights

If BlackWall becomes entitled to any Rights as a result of your acceptance of this Offer, it may require you to give BlackWall all documents necessary to vest those Rights in BlackWall or otherwise to give BlackWall the benefit or value of those Rights. If you do not give those documents to BlackWall, or if you have received the benefit of those Rights, then BlackWall may deduct from the consideration otherwise due to you the amount (or value, as reasonably assessed by BlackWall) of those Rights in accordance with clause 6.5.

6.5 Rights generally

If:

- (a) you have (or any previous holder of your Pelorus Shares has) received the benefit of any Rights (whether in respect of non-cash benefits or otherwise); or
- (b) you are (or any previous holder of your Pelorus Shares is) entitled to receive the benefit of any Rights under the terms that provide for or otherwise apply to those Rights,

then BlackWall may deduct the value (as reasonably assessed by BlackWall) of such Rights from any Offer Consideration otherwise payable to you.

If BlackWall does not, or cannot, make such a deduction, you must pay such value or amount to BlackWall.

6.6 Clearances for certain Pelorus Shareholders

- (a) If, at the time you accept the Offer, any consent, authority, clearance or approval is required for you to receive any consideration under this Offer, including any consent, authority, clearance or approval of:
- (i) the Reserve Bank of Australia (whether under the *Banking (Foreign) Exchange Regulations 1959* (Cth) or otherwise);
 - (ii) the Minister for Foreign Affairs (whether under the *Charter of the United Nations Act 1945* (Cth), the *Charter of the United Nations (Dealing with Assets) Regulations 2008* (Cth) or any other regulations made thereunder, or otherwise);
 - (iii) the Australian Commissioner of Taxation; or
 - (iv) any other person as required by any other law of Australia that would make it unlawful for BlackWall to provide the Offer Consideration for your Pelorus Shares,

then acceptance of this Offer will not create or transfer to you any right (contractual or contingent) to receive, and you will not be entitled to receive, any consideration for your Pelorus Shares unless and until all requisite consents, authorities, clearances or approvals have been received by BlackWall.

- (b) If BlackWall determines, acting reasonably and in good faith that it is liable to pay an amount to the Commissioner of Taxation pursuant to Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953* (Cth) (**TAA**) with respect to the acquisition of Pelorus Shares from a Pelorus Shareholder, BlackWall will, for any such Pelorus Shareholder:
- (i) determine the amount required to be paid to the Commissioner of Taxation (**Payment Amount**);
 - (ii) remit the Payment Amount to the Commissioner of Taxation within the time required under the TAA; and
 - (iii) after deduction of the Payment Amount, provide the net proceeds (including, where applicable, the requisite net number of BlackWall Shares after an adjustment in respect of deduction on account of the Payment Amount to reduce the number of BlackWall Shares provided), to that Pelorus Shareholder for the purposes of this Offer.
- (c) If BlackWall is required by law to retain or withhold (and pay to a Regulatory Authority) any amount of the Offer Consideration you are entitled to under this Offer, the retention or payment by BlackWall of that amount in conjunction with providing the remaining Offer Consideration to be provided to you in accordance with clause 6 will constitute full and proper provision of the Offer Consideration to you under this Offer.

7. Ineligible Foreign Shareholders

- (a) If you are an Ineligible Foreign Shareholder, you will not be entitled to receive BlackWall Shares as the consideration for your Pelorus Shares as a result of accepting this Offer. In this event, BlackWall will:

- (i) arrange for the issue to a nominee approved by ASIC (**Nominee**) of the number of BlackWall Shares to which you and all other Ineligible Foreign Shareholders would have been entitled but for clause 7(b) and the equivalent provision in each other offer under this Offer;
- (ii) cause the BlackWall Shares so issued to be offered for sale by the Nominee on the ASX as soon as practicable and otherwise in the manner, at the price and on such other terms and conditions as are determined by the Nominee (at the risk of the Ineligible Foreign Shareholder); and
- (iii) cause the Nominee to pay to you the amount ascertained in accordance with the formula (for the avoidance of doubt, subject to adjustment under section 7(a)(i), if applicable):

$$\frac{N \times YS}{TS}$$

where:

- N** = the amount which is received by the Nominee upon the sale of all BlackWall Shares under this clause 7 less brokerage and sale expenses;
- YS** = the number of BlackWall Shares which would, but for clause 7(b), otherwise have been allotted to you; and
- TS** = the total number of BlackWall Shares allotted to the Nominee under this clause 7.

- (b) You will receive your share (if any) of the net proceeds of the sale of BlackWall Shares by the Nominee in Australian currency.
- (c) Payment will be made by cheque posted to you at your risk by ordinary mail (or, if you have an overseas address, by airmail) at the address provided on your Acceptance Form within the period required by the Corporations Act.
- (d) Under no circumstances will interest be paid on your share of the net proceeds of the sale of BlackWall Shares by the Nominee, regardless of any delay in remitting these proceeds to you.
- (e) The Nominee may sell the BlackWall Shares in such manner, at such price or prices and on such terms as the Nominee determines, and at the risk of the Ineligible Foreign Shareholders. The Nominee will sell the BlackWall Shares on ASX following the issue of those shares to it.
- (f) As the market price of BlackWall Shares will be subject to change from time to time, the sale price of the BlackWall Shares sold by the Nominee and the proceeds of those sales cannot be guaranteed. Neither BlackWall nor the Nominee gives any assurance as to the price that will be achieved for the sale of the BlackWall Shares by the Nominee.
- (g) The Nominee will be appointed by, and will provide the Nominee services to, BlackWall. In acting as Nominee, the Nominee will not be acting as agent or sub-agent of any Ineligible Foreign Shareholder, does not have duties or obligations (fiduciary or otherwise) to any Ineligible Foreign Shareholder and does not underwrite the sale of the BlackWall Shares.

8.3 Effect of breach or non-fulfilment

The breach or non-fulfilment of any of the Conditions does not, until the end of the Offer Period, prevent a contract arising to acquire your Pelorus Shares resulting from your acceptance of this Offer but, if at the end of the Offer Period (or, in the case of the Condition in paragraph 6(b) of Appendix 2 at the end of 3 Business Days after the end of the Offer Period), in respect of any Condition:

9.2 Times

The relevant times for the purposes of clause 9.1(a) are:
